Subject: Division Directive to Submit Notice of Intention to Commence Large Mining Operations, North Salt Lake Mine, S/035/0045, Salt Lake County, Utah

Dear Mr. Smith:

The Division of Oil, Gas and Mining has received a reclamation surety in the amount of \$133,300.00 in the form of a certificate of deposit for the North Salt Lake mine. This was submitted in response to the Division Directive sent August 31, 2015. A copy of the bond document is attached for your records.

The Division Directive also required submittal of a Notice of Intention to Commence Large Mining Operations (LMO) by January 4, 2015. Please make all efforts to have all information and data correct in the LMO. Until the LMO is approved, the Division will allow operations to continue in the area shown on the Division's August 31, 2015, letter, and the Notice of Intention to Commence Small Mining Operations (SMO) will be retired once the LMO is approved.

Failure to submit the LMO as required may result in enforcement action and fines.

If you have questions or concerns about this letter, please contact Leslie Heppler at 801-538-5257, or me at 801-538-5261. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
